## **Introduction and Company Information.**

### **Vakasha Enterprise Limited**

Vakasha Enterprise Limited is a Construction Company that deals with General Supplies, Construction Consultancy, Building and Civil works.

The company has brought together a pool of highly skilled project team of consultants with over 5 years of experience and expertise in the construction and development of major projects in Kenya.

This team delivers superior knowledge about the latest trends in the construction industry through in-depth reporting and exploration.

We believe in the quality of both products and services as we position ourselves to offer quality services and products to our clients.

We critically appraise the impact of numerous economic and operational scenarios in the global and local construction market trends and delivers this to Clients and consultants to assist them in controlling building costs and maximizing value for their money on projects.

We capitalize our full range of expertise to deliver successful projects that consistently set new benchmarks in the construction industry.

Our areas of specialization include Construction consultancy, Interior Design, Building and civil Works and general supplies of materials.

### **Our Purpose**

To create, enhance, and sustain the world's natural, built, and social environments in delivering successful projects to our esteemed clients.

### **Our Vision**

Our vision is to be the leading construction company that nurtures professionals, innovations and at the same time exceeding our customer's expectation in top notch quality service delivery.

### **Our Mission**

Our Mission is to make construction easy through innovation and ensuring a sustainable built environment and developing structures that are environmental friendly at the same time promoting green development in construction sector.
